Injecting SWFs and FLVs for malicious purposes, user controls (CUE files) which may be used to... "Brokepony", a Windows application to scan and remove infected files from a Windows computer. The program scans the target computer in stealth mode. NOTE - To reinstall the program please download the Windows 7 Activation Key below. If you are installing on Windows Vista, please download Vista Activation Key below. "Brokepony" is an extremely easy to use tool that does an excellent job of finding and deleting files that are infected with virus' or other malicious software. "Brokepony" is the only tool I've seen that can search for and remove the "Live Fax Worm" that has been stealing your faxes since 2002. The software allows you to set a quarantine, restore the reputation of the machine, check the quarantine, and then remove the quarantine as soon as the files you wanted to quarantine are gone. We get a lot of questions about our performance, and we are very proud of the track record that we have at Coachman. Our service is unparalleled with the absolute best of the best servicing kits. We are so confident that you will be happy with our service, that we are offering a free 3-Year Service Contract! No service contract is necessary, just insert the incorrect ignition key and we will give you a call. Remember... if you get your vehicle repaired by Coachman, then you'll be able to use our incredible Service Contracts!
